1000 0 1000 2000 Feet

VDOT Transportation Planning Division, 2002

The map illustrates the Town of Bluefield, Virginia, and its surrounding areas. Key features include:

- Geography:** The town is situated near the border of Virginia and West Virginia. It is bordered by Tazewell County to the south and Bland County to the southwest. Water bodies shown include Wrights Valley Creek, Blueston River, and Beaver Pond Creek.
- Transportation Network:**
  - Major Roads:** US 19, US 460 (Bypass), and US 102 are shown as thoroughfares.
  - Local Streets:** Numerous local streets are labeled, including Virginia Ave, Tazewell Ave, S College Ave, and others.
  - Improvements:** The map uses color-coded lines to indicate planned improvements: green for reconstruction of existing facilities, blue for new facilities, and yellow for thoroughfares with no improvement. Red 'U2' markers indicate recommended typical sections.
  - Intersections:** Specific intersection points are marked with blue squares.
- Legend:** A detailed legend in the bottom left corner explains the symbols used for various transportation network recommendations, including locally planned roadway improvements, thoroughfare improvements, TSM improvements, and other infrastructure elements.
- Scale and Orientation:** A scale bar indicates distances up to 2000 feet. A north arrow is located in the bottom right corner.
